On May 20th Saint John Fools of Misrule were treated to a rain or shine Fest featuring the one and only Cypress Creek!!!

And a couple of other bands, including Cowboy Mouth, and Eli Howard and the Greater Good

Rain couldn't dampen the Cowboy Mouth Spirit!  
6 bands performed for the 3rd annual Fest.  
Hundreds of festival goers showed up to enjoy  
live music , adult beverages and great weather  
well until Cowboy Mouth came on, but did we  
really care at that point? To quote a  
great American and Fool himself.....

"Was it over when the Germans bombed Pearl Harbor?"

No! The show must go on! And it did!

With Beach Balls bouncing and Skulls dancing  
(one Skull much better than the other, sadly).

{I think a certain Park Ranger has too much time on  
his hands to practice his moves.}

A HUGE shout out to Geaux Mobile Bar  
(Marcella to you and me and fellow Jewel)

for her amazing VIP Experience she brought to the Fest!

Note to selves,  
buy tickets or sponsorship early for FF Quatro  
to enjoy this lagniappe experience.

Special Thanks to Band SPONSORS!
